Ref. No. 2689

Dated: 28/8/2023

Subject: Purchase of Reagent/Consumables for Qubit Assay Kits and tubes on proprietary item basis (Inviting comments there on).

A demand/request has been received from the department of Genetics and Genomics for procurement of reagent/ consumables on proprietary basis. The product is the proprietary product of ThermoFisher Scientific. The PAC Certificate, Authorization Certificate to Taqgene Solutions, Ranchi, Jharkhand from the firm forwarded by the end user department are attached and uploaded on the website.

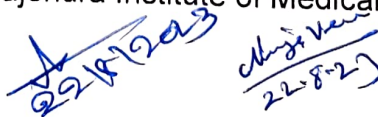

The above documents are being uploaded for open information to all firms to submit the objections, with respect to the proprietary nature of the product and authorization, if any within 15 days from the date of issue/uploading of the notification, giving reference no. 2689/MO(S)/Genetics and Genomics/Qubit Assay Kit/Systemex/2023-24. The comments should be sent to The Director Office, RIMS, Bariatu, Ranchi, PIN – 834009 on or before 12/09/2023 up to 5. : 0.0. PM, and must be received by email-id-rimsranchi@rediffmail.com, failing which it will be presumed that any other vendor is having no comments to offer and the case will be decided on merit and the item will be purchased directly on proprietary basis.

Enclosures: **Related Documents**

1. PAC Certificate from the Principal Firm.
2. Reasonability of Price Certificate.
3. Authorization Certificate from the Principal Firm.
4. Offer Rate from the manufacturer.

Dear Valued Customer:

Thermo Fisher Scientific is pleased to advise you that we are the sole source provider of the Invitrogen™ Qubit™ Fluorometer and related Qubit™ assay kits.

The Qubit Fluorometer together with the Qubit assays quantitates DNA, RNA, and protein with unprecedented accuracy, sensitivity, and simplicity. It is designed for molecular biology labs that work with precious samples that are rare or difficult to process, and applications requiring precise measurement such as real-time PCR.

If you desire additional information, do not hesitate to contact me at any time or visit our website at www.thermofisher.com/qubit.

Thank you for your interest in our products.

Sincerely,

Kathleen Free

QUBIT 4 FLUOROMETER SOLE SOURCE SPECIFICATIONS

To Whom it May Concern:

This letter certifies that the Qubit 4.0 (Cat. No. Q33226 and Q33227), its design features, are proprietary products manufactured solely by Thermo Fisher Scientific and can only be sold by Thermo Fisher Scientific, Fisher Scientific, and selected authorized resellers.

Our instrument provides many unique features, Thermo Fisher company is the only company which provides this Fluorometer and assays with the following features:

1. The instrument is able to assess the quality and integrity of RNA in <5 seconds per sample
2. The instrument has dimensions of 5.4" (w) x 10" (l) x 2.2" (h) (13.6 cm 25 cm X 5.5 cm) and weighs 743 g (26.2 oz).
3. Qubit 4 has Ready to use 1x format which enables fast mix and read for double stranded DNA for NGS, PCR and genotyping applications
4. The instrument provides an on-board calculator that provides instructions to prepare Qubit™ working solution using user-defined sample and standard inputs.
5. The instrument is pre-loaded with MyQubit software, which allows users to create new applications using parameters uploaded to the instrument via a USB drive, without changing the existing assays.
6. The instrument indicates samples that are in the extended or out of range in the graph as well as in the simple sample output screen.
7. The instrument provides a device verification test that checks the internal components of the Qubit™ 4 Fluorometer using the Qubit™ 4 Verification Assay Kit.

If you desire additional information, do not hesitate to contact me at any time or visit our website at www.thermofisher.com/qubit.

Thank you for your interest in our products.

Sincerely
Kathleen Free
