UNDER SUCH CIRCUMSTANCES, YOUR USE OF THIS PRODUCT SHALL BE GOVERNED SOLELY BY THE TERMS AND CONDITIONS OF SUCH LICENSE. If you would like to understand more about all of the rights that you or your employer have to use the Product, you should refer to the institutional site license agreement between you or your employer and Clarivate or authorized resellers.

BACKGROUND. Camelot UK Bidco Limited ("Clarivate Analytics") has developed a proprietary software application known as EndNote® (the "Software"). By using the Software and/or its accompanying manuals (the "Documentation" and together with the Software, the "Product"), you (the "End User") agree with Clarivate Analytics to be bound by the terms and conditions set forth herein. Clarivate Analytics is willing to permit you to use the Product only upon the condition that you accept and comply with all of the terms of this agreement ("Agreement").

THEREFORE, for good and valuable consideration, including the rights and license granted in this Agreement, and intending to be legally bound, Clarivate Analytics and End User agree as follows:

1. LICENSE GRANT. Subject to the terms and conditions of this Agreement, Clarivate Analytics hereby grants to End User a non-exclusive, non-transferable, individual license to use the Product solely for the purpose of searching online resources for references, creating and building a personal library of references, formatting references, and creating uniform citations and footnotes for End User's projects.

In addition, if End User is using a desktop version of EndNote:

(a) End User may (i) install one copy of the Software on up to three computers for End User's personal use and (ii) make one copy of the Software solely for backup or archival purposes. It is expressly understood that the Software program will only be in use by End User on one computer at any given time. End User may not make any copies of the Documentation or any portion thereof.

(b) End User may download and store full-text files for End User's own use in research and writing. Any downloaded files may not be shared with third parties. End User acknowledges his/her responsibility to obtain all necessary consents and permissions to utilize the Software with third-party materials and to adhere to all applicable intellectual property laws with regards to capturing, storing and copying any copyrighted materials using the

Software. End User shall defend, indemnify and hold harmless Clarivate Analytics and its affiliates from and against any and all claims, actions, demands, liabilities, losses, damages, judgments, settlements, costs and expenses, including reasonable attorneys' fees, arising out of End User's downloading, storage or use of full-text files or other third-party materials in the Software.

The rights granted herein are limited and are to be strictly construed.

If End User is accessing the Product as part of a free trial:

Clarivate Analytics hereby grants to End User a non-exclusive, non-transferable, individual license to use the Product solely for testing and evaluation purposes for the duration specified by Clarivate ("Free Trial Period"), subject to the terms and conditions of this Agreement. End User acknowledges that the full-function features of the Software will be automatically disabled at the end of the Free Trial Period, however End User may continue to view any data already input using the Software. End User may not make any copies of the Documentation or any portion thereof.

2. RESTRICTIONS. The following uses and/or activities are not permitted unless otherwise specifically allowed by Clarivate Analytics under the terms of a separate agreement:

- (a) Modifying, translating, decompiling, reverse engineering, redistributing or retransmitting in any form or by any means, the Software or any portion thereof;
- (b) Creating any derivative products or other works using any portion of the Software;
- (c) Using the Software or any portion thereof in any third party product or service;
- (d) Using the Software, directly or indirectly, on a time sharing or service bureau basis, or providing services for a fee using the Software; and
- (e) Sharing passwords and/or access codes with third parties, or allowing any non-End User to use the Product.

In addition, if End User is using a hosted version of EndNote:

- (i) End User may not (A) attempt to circumvent user authentication or the security of any host, network, or account (aka "cracking"), including, but not limited to, accessing data not intended for End User, logging into a server or account that End User is not expressly authorized to access, or probing the security of Clarivate Analytics servers and networks, or (B) create a denial of service, impede the operation of the Software or engage in any activities that adversely affect the ability of other End Users to use the Software.

18

(ii) End User may not upload, share or otherwise transmit any content that (A) End User does not have a right to upload, share or transmit under any law or under contractual or fiduciary relationships; or (B) violates anyone's copyright, trademark or other proprietary right.

Clarivate Analytics responds to notices of alleged infringement that comply with the Digital Millennium Copyright Act. Please see <https://clarivate.com/legal/copyright/> for more information. End User acknowledges and agrees that in addition to any other rights or remedies that Clarivate Analytics may have hereunder, Clarivate Analytics may remove or disable access to allegedly infringing content, or disable certain functionality, such as sharing, in the event of an alleged infringement.

3. TERMINATION. Without prejudice to any other rights, Clarivate Analytics may terminate this Agreement (a) if End User fails to comply with any of the terms and conditions of this Agreement or (b) if required to do so due to an actual or potential violation of third party rights or applicable laws, rules or regulations or by a third party provider, court or regulator. In the event of any termination, End User shall immediately discontinue any further use of the Product and (if applicable) destroy all copies of the Software and Documentation in its possession or control. Sections 1(b), 3, 4, 5 and 6 shall survive any termination of this Agreement.

In addition, if End User is using a hosted version of EndNote: Following any termination, Clarivate Analytics may destroy any data or information stored on its servers by or on behalf of End User. Such data and information will be permanently lost.
