

List of equipments for the department of Physiology

Sl. No.	Name of Equipments
1	Hemoglobinometer
2	Aesthesiometer
3	Physiograph, 2 channel with accessories
4	Tuning forks for hearing test (128, 256, 512 H2) test
5	Dynamometer
6	Auroscope
7	Multivolume (Variable) Autopipettes
8	Centrifuge with high speed technometer
9	Refrigerator, 350-400 L capacity
10	Pholygraph for isometer isotonicd volume
11	Time, GSR amphibian study
12	Autonormic function test lab
13	Cardiopulmonary exercise test system with pogrammable argometer
14	Evoked potential system, microprocessor based to study brain steam visual, somatosensory, auditory & motor functions.
15	PFT machine microprocessor based
16	PFT system with diffusion study
17	Electronic perimeter
